BCA Annual Fund 2011-2012  
Bethlehem Christian Academy

The BCA Annual Fund is vital to maintaining and improving education excellence at Bethlehem Christian Academy.

Generous tax-deductible gifts to the BCA Annual Fund directly impact the everyday business of BCA as well as contribute to the expansion of current student programs.

## Goal: \$103,000

A high level of participation is critical to reach our goal. Please consider participating at any level.

BCA Annual Expenditures

## Staff Development

The BCA teacher is the key to delivering the mission of the school everyday and directly impacting the lives of our students. We strive to keep our staff energized, equipped, and empowered as they invest in tomorrow's leaders.

## Facility Expansions

The facility and the buildings that make up the campus of BCA are only the tools we use to execute our vision of building citizens of tomorrow who make a difference. It is our desire to expand our facilities to provide the places where great things will happen.

## Academic Environments

Our goal to equip each student to follow God's call in their life requires that we seek excellence in the areas of academics. Our pursuit of excellence necessitates the best curriculum, resources, and teaching techniques available.

## Athletic Endeavors

Where the lessons of the classroom take life, athletics engender the physical, social, and spiritual fleshing out of BCA's vision and mission in the lives of our students.

## Student Leadership

Passions develop as we strive to be a part of something bigger than ourselves. BCA strives to develop these passions in our students by offering strategically planned opportunities while equipping our young people with a Biblical worldview, integrity, and life skills during their BCA education.
